* Based on "Consumers' Directory of Certified Efficiency Ratings for Heating and Water Heating Equipment," Gas Appliance Manufacturer's Association, August 1, 2007.

** Based on FTC Energyguide 16 CFR Part 305, using prices of \$1.218/therm for Natural Gas, \$1.87/gal. for LP Gas, and 10.65 cents/kWh for electricity as published in the August 29, 2007 DOE Federal Register Notice, Vol. 72 No. 167. This annual energy cost comparison is based on United States Department of Energy test methods for typical residential usage and is not meant as a guarantee of any actual monetary savings. Do not use this cost comparison for sizing a water heater application.
