

Solenoid Valve, Regulator, And Meter Information

Needed To Assist Tempaco In Getting The Correct

Product For You:				
				Your Input In This Column:

Information Needed For Solenoid Valves:

Normal Position	Open Or Closed			
Pipe Size	1/8" x 3"			
Medium (Fluid)				
Minimum Pressure	PSI			
Pressure On Product	PSI			
Temp Of Product				
Voltage				
AC or DC				
Manual Reset	Yes or No			
Water Resistant	Yes or No			
Water Tight	Yes or No			
Explosion Proof	Yes or No			

Information Needed For Regulator Sizing:

Fuel Nat or LP				
Pressure In				
Pressure Out				
Flow (BTU or Cubic Feet)				
Regulator Location				
Preferred Pipe Size				

Information Needed For Gas Meter Sizing:

Fuel Nat or LP				
Pressure In				
Flow (BTU or Cubic Feet)				
Preferred Pipe Size
